Personal Statement //Tweak some words

A junior Full-Stack Developer recently graduated from the Northcoders bootcamp. This has been an extremely interesting and enjoyable experience. With the prior knowledge from Digital Film, Games and Animation, I've been able to add more variety and creative aspects to my projects.

I am excited to start the next chapter of my career journey and now seeking a role towards Front-End Development to further my knowledge and skills.

Technical Skills

Development

- HTML, CSS
- JavaScript
- PostgreSQL
- React
- Axios
- Jest
- TDD

Software

- Visual Studio Code
- Learning Photoshop

Learnt Skills

- Built a back-end API: endpoints, Axios requests, PostGreSQL database seeding and testing
- Written a Front-end Project using the created back-end with React, HTML and CSS
- Final project, Unbeleafable a Mobile plant app to be able to store and recognize plants with notifications! All using React-Native and Expo.
- Have a drive to learn and experience new technologies or figure out how they made something creative/aesthetically pleasing.

Currently I am

- Working on more React Native and Expo
- Improving my CSS skills and push my creative boundaries

Projects

My Portfolio: (URL will be inserted shortly)

NC Games Front-End Project: <https://ashfrontendgames.netlify.app/>

Back-End API Project: <https://github.com/mini-wizbit/Ash-s-Back-End-Portfolio>

Final Northcoder's Project: Demo video: https://youtu.be/z_gcVBUqX5A

Previous Experience

Northcoders 25th July - 21st Oct 2022

An intensive 13 week full stack coding boot-camp. Taught how to use modern relevant Full-Stack Development technologies as well as engaging in best practices for both working and self-study to learn the new tech.

Waiter/Bartender - Fox and Rabbit 2015-2022

Working closely alongside the managers and being relied upon to run the shift if they weren't there. This included Stock management, cleaning beer lines and keeping it up to standard health and safety expectations, feedback from happy and dissatisfied customers and working out a solution that resolves the situation.

Volunteer teaching assistant 2019-2021

For 2 days a week for 2 years I gave Teaching a try as I have always enjoyed teaching skills to people to help benefit them and I thought I would give teaching a try, this allowed me to broaden my skills to explain it once and if it wasn't understood to adapt and try a different approach especially as I was working with different age groups.

Working in Film as a Freelancer 2014-2015

Education

BA (hons) Digital Film, Games and Animation (2.2)

Leeds College of Art 2011 - 2014

Dissertation : The Aspect of Visual Storytelling

Achievements & Extra Curricular

World challenge: Iceland 2011. I had to fundraise over £3k prior to the trip and then spend one month hiking around Iceland with a group of people, where we had to plan our resources, food and route around.

I enjoy playing Board games and card games which offer a different kind of problem solving. I have owned and ridden Horses from the age of 7 to now and competed at Regional level dressage.
